

SPECIFICATIONS AND BENEFITS

SAFE

The safety-stop function prevents the basket from accidentally falling out when pulled

DURABLE

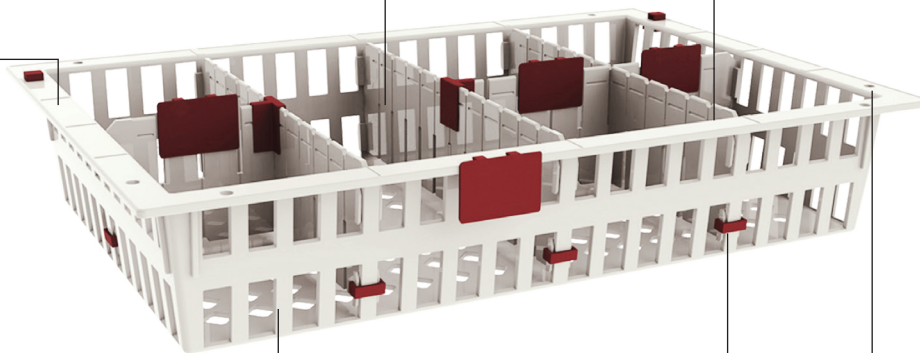

Basket holds up to 40 kg.

HYGIENIC

Modules and dividers are injection molded from ABS or polycarbonate plastic and therefore can be easily and safely cleaned

LABEL HOLDERS

Can be fixed on the top edge or on the front of the modular baskets and on the dividers.
Can be used for all modules

SPACE-SAVING

Optimum storage utilization for articles of different sizes. Stacking rim enables the modules to be stacked to save space when not in use

DIVIDER LOCK

For fixing the dividers to the modular basket.
Prevents the dividers from popping out under a heavy load.

ISO STANDARD

60x40 cm
30x40 cm
